

ATLV® 4300

All-terrain Litter Vacuum

- Improves the image and health of your community with superior litter pickup
- Increases productivity by adapting to all terrains
- Ensures operator safety with stable, low-center-of-gravity design

The safe and efficient solution for all-terrain, outdoor sweeping

Tennant built the 4300 ATLV to tackle real-world operating conditions. Whether climbing over curbs, navigating hills or cleaning along fence lines, the rugged ATLV 4300 delivers. The ATLV keeps all your outdoor surfaces clean. From asphalt and concrete to turf and grass, you'll always make a good first impression.

Improve the image and health of your community

The high-performance vacuuming power of the ATLV, complemented by its long-arm vacuum, all-terrain tires and curb-climbing ability, keep grassy grounds, parking lots, fence lines and shrub beds free of trash, cigarette butts, bottles and more.

Maximize productivity

Easy-to-use features require less training time, so operators get out and cleaning more quickly. During operation, a quick peak through canister portholes reveals the debris level in the ATLV's unmatched, extra-large-capacity hopper. Operators effectively clean longer between stops, knowing that the top-mounted vacuum fan continually provides unrestricted airflow. Empties go smoothly with the wide-angle, tilt-out litter tank for easy-access debris removal.

Rely on safe, stable operation

Clean with confidence knowing that the ATLV provides safe, stable operation with its low center of gravity design, highly effective disk brakes and standard rollover protection system.

MUST-HAVE OPTIONS

Extend your cleaning reach

Access the vacuum hose for additional cleaning reach with the optional fence-line nozzle.

Control dust

Water assisted dust control configurations help contain air-borne dust.

Make cleaning comfortable

Add a ROPS (Rollover Protection Structure) certified cabin for comfort from the elements.

LONG-LASTING AND DURABLE

A corrosion-resistant polyethylene canister with optional bagless liners, as well as the self-cleaning impeller inlet screen, keeps the ATLV cleaning and looking better longer.

- A** Four all-terrain tires maximize mobility and minimize ground compaction.
- B** Easy cleanout, quick access, swing out hydraulic cooler.
- C** Debris container uses standard, off-the-shelf trash bags for lower supply costs. Container tilts out for easy cleaning.
- D** Top-mounted vacuum fan design ensures debris will not go through the vacuum fan.
- E** ROPS certified overhead bar provides operator protection from rollovers.
- F** Ergonomic design includes power/tilt steering and the easy-access vacuum hose.
- G** Adjustable vacuum hose can be repositioned for easy litter pick-up.
- H** High ground clearance accommodates uneven terrain and street curbs.

4300 ALL TERRAIN LITTER VACUUM

FEATURES

Type	Vacuum nozzle	Vacuum nozzle
Time required to cover a football field	1/2-hour	1/2-hour
Debris hopper		
Volume capacity	110 gal	416 L
Bag capacity-each	55 gal	208 L
Bag size	44 X 55 in	1,120 X 1,400 mm

Vacuum System

Nozzle size (diameter)	8 in	200 rpm
Vacuum fan (diameter)	17 in	430 mm

Propelling System

Propel speed forward (variable to)	16.0 mph	26.0 km/h
Propel speed reverse (variable to)	5.0 mph	8.0 km/h
Propel motor		
Diesel, liquid cooled Kubota @3000rpm	28 hp	21 kW
Optional: Diesel, liquid cooled Kubota @3000rpm	38 hp	28 kW
Type	Hydrostatic	Hydrostatic
Motors	Both rear wheels	Both rear wheels
Hydraulic		
Pumps	1 propelling, 1 accessory	1 propelling, 1 accessory
Oil cooler	Fin type	Fin type
Gradeability		
Full & empty hopper	12.0 deg/21%	12.0 deg/21%

Machine Dimensions

Length	102 in	2,590 mm
Width	46 in	1,170 mm
Height	84 in	2,130 mm
Weight-net base machine	1,860 lb	844 kg
Turning radius	18 in	460 mm

GENUINE TENNANT PARTS, SUPPLIES & SERVICE

Using only genuine Tennant Company parts, made specifically for your Tennant machine, maximizes the effectiveness and longevity of your Tennant equipment. Only Tennant Company parts and consumables are guaranteed to ensure your machine delivers the best, most effective clean.

For a complete list of complementing genuine Tennant Company parts please see our Tennant ATLV parts and consumables guide.

Industry's Only Factory-direct Service Network

Factory-trained service teams support Tennant customers in more than 65 countries around-the-world.
